Design Leader (IB MYP & DP)

Carmel School is an International Baccalaureate (IB) Continuum School in Hong Kong. We are seeking a full-time Secondary Design Teacher (IB MYP & DP) to head STEAM-Based Initiatives on campus starting in August 2020. The successful candidate will have an Engineering background with an interest in Robotics and Coding. He/She will be a proactive and passionate teacher with an interdisciplinary mindset and a focus on inquiry led project-based learning. He/She will teach Design and lead STEAM-based initiatives and lead our thriving Robotics and Recycling program in a collaborative environment helping students to actively realize their creative potential, removing limitations and replacing them with wonder, critique, inquiry, and innovation.

Requirements

Must:

- Bachelor or above in Design and Computer Science, or relevant field
- Experience in STEAM programming with an interdisciplinary approach to education
- Experience in teaching learners with diverse needs
- Positive and proactive approach to learning
- English proficiency at Native speaking level
- A team player

Preferred:

- Background in teaching robotics, coding and website programming, working knowledge with video editing, movie making and image editing software
- Experience in teaching MYP & DP Design and / or IB DP Computer Science
- Experience with Product Design and Digital Design
- Experience in ICT/IT
- Experience in project-based learning
- Strong commitment to and passion for education and ICT/IT
- Knowledge and experience working in a Google and Mac Environment is an advantage

Personal Qualities:

- Passionate, natural educator
- Patient, inclusive and creative
- Flexible and adaptable
