Kindergarten

Connecting with the world with technology

Kindergarten make use of modern day technology to connect with students across the globe.

Kindergarten had the pleasure of video calling a Grade R class at Alon-Ashel Pre-Primary School in Cape Town, South Africa. Alon-Ashel is a Jewish school much like Carmel. The Kindies at Carmel have been paired up with a student at Alon-Ashel and last week wrote them letters sharing what their favourite toys are here in Hong Kong. These letters have been sent via airmail to SA.

During the video chat, the students at Alon-Ashel each had a turn to come up to the camera to share their favourite toy which they had brought to school, and meet their pen-pals in HK!

We ended off the chat by singing happy birthday to Milo, a student in SA and together across continents all the students sang happy birthday in Hebrew! Talk about international like-mindedness, tying perfectly into our unit of inquiry 'how games and toys change over time and are different around the world'.

The students made the connection that despite the difference in place they all shared the same interest in toys be it in South Africa or Hong Kong. We are looking forward to many more video chats with Herzlia Pre-Primary School.
